* A2C George Bevich, Jr. was the first Air Force Dog Handler to die in Vietnam.

** Two handlers and one ex handler (total of eighteen Security Police personnel KIA) were on the CH-53 helicopter that crashed during the Mayaguez rescue attempt. This was considered the last combat action of the Vietnam war.

USAF & USN Handlers were trained at the same school, all worked sentry dogs, and worked the same type of posts, the first line of defense.
