

# What happened to your dog?

Do you remember the dogs you handled? I know I do. Have you ever longed to know more about them, or about one dog that you really bonded with? Well, brother, here is your chance.

Please read this very carefully – this is an opportunity that we dog handlers have been dreaming of for more than 40 years!

## **Military Working Dog Records are Now Available**

The ***Nemo's War Dog Heroes Memorial Committee*** is offering YOU the first-ever opportunity to obtain the information from YOUR dog's official Military Records, Air Force Form 323 ("Sentry Dog Record"). The history of YOUR dogs – stateside and overseas – is NOW available to you for a donation to the ***Nemo's War Dog Heroes Memorial***. From these records you could learn:

- 1 Who donated or provided YOUR dogs to the Air Force, Army, Navy, Marines, etc.
- 2 The date YOUR dogs entered the service (along with other dates and information).
- 3 The dates YOUR dogs were whelped and the date and reason they were euthanized.
- 4 The names of other handlers who were assigned to YOUR dogs.
- 5 Installations served and other service information on YOUR dogs.
- 6 Other service-connected forms as they are available for YOUR dogs.

How do we happen to have all this information? The ***Nemo's War Dog Heroes Memorial Committee*** has legally obtained copies of more than 30,000 AF Forms 323 of Military Working Dogs that served from the 1960's to the 1980's at Stateside and overseas bases, from all branches of our military services. These are the records that they've been telling us were not available – for all these years.

The information from these records is now available to YOU - the handlers.

## ***There's More! – Film and Photos of Nemo Himself!***

We're offering to you a one-hour DVD from actual Air Force movie footage and still photographs, which will take you from the events of the attack on Tan Son Nhut, to Nemo's return to Texas as a hero, the dedication of the Nemo Memorial site at Lackland, and actual videos of the reconstruction of Nemo's kennel. Actual footage of Tan Son Nhut Air Force Base is included. In addition, there are three segments that take you from the birth of the Nemo Project, the restoration of Nemo's Kennel

at Lackland, and finally a section entitled "Taps" that includes a slideshow and actual photographs and footage of several of Nemo's handlers. This DVD is a "must see" for any MWD handler past, present, and future. Watching it will make you very proud to have been a dog handler. There are still photographs from a private collection, which to the best of my knowledge, have not been available until this project.

## Nemo's War Dog Heroes Memorial

The Committee is currently restoring Nemo's (A534) original kennel site at Lackland AFB, San Antonio, Texas. The restoration and historical display is an ongoing work in progress, and with your help, we can continue to add to the memorial to honor our dogs that have served and continue to serve our nation.

If for some reason the records for your dog are not available, you will be contacted concerning your donation and request. Please keep in mind that since these are the actual military records, in some instances, they may be incomplete. For example, your name may not be on the record, or other information could be missing. Unfortunately we have no control over this, it all depends on all those people 30 or 40 years ago having done complete recordkeeping.
