**13. Biên Hòa AB, West Tower.** Note the F-100 (extreme left-center), apparently being worked on. Bunker is on the West end of the runway and manned by USAF personnel. I think one of the armored cars hung out in this vicinity during alerts.

**14. Biên Hòa AB, French Bunker-1** is a shot of the bunker across from the Red Horse cantonement area on the Southeast side of the base. We used it for late night hootenannies of beer, cigarettes and guitars. It was located between our barracks and the III corps Special Forces HQ.

**15. Biên Hòa AB, Bunker.** The roofed sandbag bunker next to a large sandpile is also an American emplacement.
