1) A pamphlet that we kicked out of the door of a C47. Then it was pointed out that the Geneva Convention did not want us to do that so we stopped. This was in 1967.

2) *Confirmed Kill!*

Binh Thuy, like most of Vietnam, had a Rat problem.

This is a rat that I killed inside the barracks by throwing my bayonet and impaling him. The dark streak in his side where

the blade went through him (heh-heh). He was bigger than the average household cat! The VNAF boys cleaned him and took him over to their chow hall. I assume they made a nice batch of stew or... *something*.
