

## **VICTORY?**

### **What Glory?**

(c) 2012, by Don Poss

Some fell to ground and died.  
Some fell from the sky, and  
Some fell by and by, even now.

What Victory?  
What Glory?  
What deeds greater than the final outcome?

We sowed Vietnam soil with our blood...  
We brought the dead home, most of them... some  
are still there, and  
Buried youthful bodies in the land of the free...

Heard the words "*On behalf of a greatful nation...*"  
Which was ungreatful,  
Uncaring, and not there for us.

Would we do it again?  
Would *they* do it to us again?  
Are veterans stronger from lessons learnt?  
Were there any lessons learnt?

What victory?  
What glory?
