It is very hard for all of us surviving Vietnam Security Policemen to know we have lost another brother from the ravages of that war so long ago. While I did not know Tom personally he will always be a brother and as such will never be forgotten. Rest in eternal peace brother!

I was so sorry to hear of Tom's passing. Please know that Melanie and I will be thinking of you in days to come. I am sorry that I won't be able to attend his services.

If I can be of assistance, remember that we are friends and that you can call on me at any time.

It is a sad day when Vietnam Vets lose a Brother. I never met Tom personally but I followed his last few weeks through the Vietnam Security Police Association Bulletin Board. In those few short weeks, he taught many of us lessons about the important things in life-friends and family. In his final days, he displayed the same courage he showed on that dark night 40 years ago at Danang Air Base, Vietnam, when he helped thwart an enemy attack. Tom Baker was a giant of a man because he needed a large body to house his big heart. We love you, Tommy.

To the Family and Friends of Tommy,

Even though I had never met Tommy, Don Poss opened up a door for all of us at VSPA to learn what a true HERO and family man he was. I was stationed at the same base as Tommy only at different times and I was also raised in Wellington, KS but left to join the Air Force before you settled in Ark City. We were so close but so far away. I will never ever forget my phone call to Tommy 3 weeks ago. May the good Lord watch over all of you and give you the strength to get by during this difficult time. I will be honored to shake your hand someday Tommy.

I never met or spoke to Tom, but he was my Brother. As US Air Force Security Police sentry dog handlers in the Vietnam War, we shared things few can understand. I'm sorry I'll have to wait for my own passing to shake his hand and tell him "Welcome Home." To all his friends and family - I'm deeply sorry for your loss. God bless you, and may you always remember Tom's strength, character and willingness to stand up for his country when called.

*I personally didn't know Tommy, but over the last several weeks all of us at VSPA followed the e-mails posted on our bulletin board. From Don Poss we learned that Tommy was a great sky cop and he was a HERO along with his K-9 partner breaking up an attack before the VC could mount it against his brothers at Danang. No words that any of us will express here will ever change the loss you have suffered, but know in your hearts that Tommy will never be forgotten by the men he saved, by his teammates, or by anyone of us who served as an Air Policeman, Security Policeman, or as an Augmentee Security Policeman. I too suffer from Agent Orange related Diabetes, and because of his plea that we take better care of ourselves and our Diabetes, I am now doing a better job of monitoring my surgar levels. This man who was suffering himself with great difficulty the pass few weeks still put his concerns for his brothers ahead of his own problems, What class this man had. I am so happy that Don was able to put Tommy in touch with so many of his brother officers from the Air Force whether he had served with them or not, we are all brothers and we take care of our own. It is comforting to know your brothers are there for you and that he was able to talk to so many before he passed to the waiting arms of our Lord Jesus Christ is great. I am sure that he heard the words Well Done My Son. May God Bless and Care for you all through this most difficult time, and please know that you and your family will always be in our prayers Tommy.

To the Baker family, Glenna, Peggy, T.J., and Tonia:

There really are no words to express the sadness for Tom's passing. A good man, a great friend who loved his country and family.

Tom, there are no words. I will not forget your smile for everyone, and your quick humor. May God give you an extra hug from us all.
