2. The [Đà Nẵng Air Base VC/NVA POW Camp](#), near the base's main gate, is backlit by flares during the 1966 Buddhist uprising. U.S. forces remained neutral until near the end when General Ky led ARVN troops into the city of Đà Nẵng and broke the rebellion. ARVN AF bombed pockets of resistance near the Air Base, but were *very careful* not to strike the base. Photo by Don Poss 1965-1966.
