

## **How Infinite is God**

(c) 2014, Don Poss

How infinite is God...  
There, at the beginning  
The creation,  
The Breath of Life to Adam,  
The Flood,  
Parting of the Red Sea...

And all through the eyes of the living, in real time,  
He watched mountains wither to valleys and depress into oceans.  
Saw countless stars blaze alive and named them one by one.

Generations lived and died,  
as brief flickers of light ... a wavering vapor

Eternal is the **I Am**.

Not enough to live Life  
Without sharing what life you are living,  
An eternal relationship with God awaits the few...  
Judgment is his jest.
