

**The Fallen Airman**

*Wind, Fire, Earth, and Space Eternal*

**To Earth** falls the wounded Airman,  
He fought for country's right

**To Fire** flames his wounds,  
'Twas a grisly sight

**To Wind** soars his soul on wings,  
Heaven he must go

**To Heaven's Space Eternal his earthly loss ...**  
The cost of Freedom, 'tis always so.
