

## Yesterday's Dreams

(Recycled)

(c) 2014 Don Poss

Fifty years of yesterday's dreams

Why are they still so real?

Sharp

Colorful

Violent

Subtle

Deceptive

Alternate-realities

As it was--as it is.

Replay after replay

Recycled-reruns

Same-same

Yet different

Uncertainty is all that remains:

Then, Warriors' shadows dancing...

Now, Shadows' warriors jousting in my  
mind. However it plays, plays out the  
same.

A single night without dreaming

Is that too much to ask?

Is it crazy to dream dreams of a distant  
past? Or only crazy if they last and last?

No one understood--

Asking questions and checking boxes--

No one really cared--they could never  
understand my difference now,  
thinking it likely... *indifference*.

Indifferent dreams, strong enough to  
last--reality of an overpowering past--  
Seeking refuge in wake of day...

Why am I so angry? Will it ever pass?

Forgive the warriors. who cannot make  
peace.
