Tiger Flight Patch that I wore when I was on Tiger Flt. at Tuy Hòa AB in 1968, 31st SPS .

**F-100-AF-53-751:** This aircraft was more than likely one of the New Mexico ANG's as it was 15 yrs. old in 1968 when the photo was taken. The AC crews said that the wiring was shot in most of them and would fall apart if it took too many G's. I watched two (2) of them crash in the south china sea before they could make it to the end of the runway.
