THE BRONZE STAR MEDAL
(WITH "V" DEVICE)
TO
MILLARD W. LEHMAN

Airman First Class Millard W. Lehman distinguished himself by heroism as an Air Police Security Guard while engaged in ground operations against an opposing armed force at Binh Thuy Air Base, Republic of Vietnam on 8 July 1966. On that date, Airman Lehman remained on post to sound the base alerting siren during a recoilless rifle attack upon the base. Despite his relatively exposed position and the close proximity of exploding shells, Airman Lehman continued to sound the alarm, warning others of the attack. By his heroic actions and unselfish dedication to duty, Airman Lehman has reflected great credit upon himself and the United States Air Force.

The Bronze Star for Valor
[Valor: acts of heroism performed in ground combat]

Bronze Star Medal was established by Executive Order No. 0410 on 4 FEB 44, awarded to personnel of the US Armed Forces, who on or after 7 DEC 41, distinguished themselves For Heroic or Meritorious Achievement of Service, not involving aerial flight, in connection with Operations Against an Opposing Armed Force.

Award: The award recognizes acts of heroism performed in ground combat if they are of lesser degree than that required for the Silver Star. It also recognizes single acts of merit and meritorious service if the achievement or service is of a lesser degree than that deemed worthy of the Legion of Merit; but such service must have been accomplished with distinction.

The Ribbon is predominately red, with a narrow blue center stripe flanked on either side by a narrow white stripe, and a narrow white stripe at the outer edge. A bronze "V" on the ribbon denotes combat service.
