PDT (NoHost/75.130.75.174)

Cpl. Kory D. Wiens, 20, of the 94th Mine Dog Detachment, 5th Engineer Battalion, 1st Engineer Brigade of Fort Leonard Wood, Mo., and his partner, Cooper, were killed July 6 by an improvised explosive device while

on patrol in Muhammad Sath, Iraq.

The cremated remains of Wiens and Cooper, a Labrador retriever, were buried together at Salt Creek Cemetery in Wiens' hometown of Dallas, Ore., at the request of his family.

Killed Keesler security guard ID'd

The Associated Press

Posted : Thursday Jul 19, 2007 12:17:01 EDT

BILOXI, Miss. — The Air Force identified the airman killed by a weapons discharge Tuesday as Airman Troy A. Smalls of the 81st Security Forces Squadron.

No further information was released Wednesday because the 19-year-old's death is still under investigation. The Pass Road entrance to Keesler Air Force Base was reopened Wednesday after being temporarily closed when Smalls was found dead.

Base officials said what is being called a "weapons discharge" occurred about 8:30 a.m. Tuesday at the Pass Road gate in Biloxi. Smalls was on duty at the time of the incident.

"We are deeply saddened by this tragedy, and we extend our thoughts and prayers to Airman Smalls' family and friends," said Brig. Gen. Paul Capasso, 81st Training Wing commander. Air Force Times staff contributed to this report.

- [Relay for Life](#) -- [Jim Burke 366 SPS Bakersfield CA](#), *Sun, Jul 22 2007, 19:05:35 PDT (NoHost/63.193.182.147)*

Today, I had the privilege of walking in the Relay for Life marathon being held in Santa Maria, CA. My daughter was one of the committee persons and asked me and my wife if we would walk. While walking the track, I was thinking about my old friend, Mike Poquette, who died from cancer on 12/20/2003. Mike was my Sgt and I was his Senior Deputy when we worked together for the Santa Barbara County Sheriff's Department. Mike and I were close friends not only because we worked together, but because Mike was also a former Security Policeman and was also a Vietnam Vet. Mike was stationed at Na Trang, 14 SPS from 68-69. Since this was a walk to raise money for a cure for cancer, it brought back old memories of us sitting around the briefing table or having a cup of coffee and telling each other of all the fun stuff we did while in Nam. Mike was a great friend and I still miss him. Next year I will walk again and I will wear a VSPA hat in memory of all my brothers who have contracted cancer from Agent Orange or from anything else and have either reported to their Last Guardmount or am still bravely fighting. You have my word that you will never be forgotten. God Bless all of you and God Bless the United States of America.

Well . . . I got one "tell me more" and one "that horse is really dead!" So here's the scoop as I understand it. My partner is a CPA as well as a slimy lawyer and he advises that the status will not be jeopardized by political discussion on the BB. If the organization itself takes a political stand, contributes money, and/or endorses a candidate, it could be seen as a Political Action Committee and the non-profit status could

be questioned. Mere discussion or discourse by and amongst the members is simply individual opinion and does not reflect any political position on the part of the VSPA.

Absent further inquiry, I rest my case.

Gentlemen, Hello, One & All,

Hector Ramos and myself are Co-chairs of the D.C.Parade, and I worked with some of our brothers on one of the sub-committee's.

This is just a quick message, and "General Information" on Parade Dress will follow soon as we have everything put together.

The sub-committee's have been working on tying up loose ends, along with a cost on the brassard that was shown at the last business meeting.

Shortly we will give a complete run down on the uniform dress that was voted on, along with a few suggestions for cold weather options in DC that time of year.

Watch for the uniform post soon, best to all.

Keep the Faith

Was the issue of the non-profit status of the VSPA being possibly jeopardized ever settled? Got some input but don't want to beat a dead horse.

I posted sometime back that I was given the diagnosis of Diabetes type 11 by the VA. Well taking from the test results it really doesnt look like I have diabetes,or at least the numbers to make the diagnosis !! My ha1c was 6.7 which coverts to an average blood sugar level of 137. My Glucose levels were at 119. Do you guys know more about this? I am confused (as usual) !

I was having a difficult time finding a reasonably priced source for the Black on OD Green Rank Chevrons. There were several sources that had them for a lot more than what I figured was a fair price, but I finally found the following source. Emblem Enterprises, an on-line store has the E-4 chevrons for \$1.29 per pair. Their address is:

www.eeiemblems.com 1-800 444-5561 ask for Charlie.

Also, where can I get the black on OD Green tapes that have US Air Force sewn on them? The new style is dark blue on OD Green.

Court demands care for Agent Orange victims
Veterans Affairs should ensure benefits to those who suffer from the chemical, judges say
By Josh Richman
Mercury News
07/20/2007 03:06:10 AM PDT

The U.S. Department of Veterans Affairs was wrong to deny retroactive benefits to certain Vietnam veterans suffering from Agent Orange-related leukemia, the 9th U.S. Circuit Court of Appeals ruled Thursday in a class-action lawsuit filed in the Bay Area.

In 2003, the VA issued a regulation finding chronic lymphocytic leukemia to be a disease associated with dioxin, a toxic substance in the Agent Orange chemical defoliant that U.S. forces used in the jungles of Vietnam. But the VA didn't reconsider prior claims of Vietnam veterans suffering from that disease, nor did it pay them retroactive benefits.

A 1991 law and court consent decree ordered that those suffering from diseases that are newly considered to be service-related could have their cases reconsidered and their back benefits paid. The VA, however, contended this didn't apply to diseases deemed service-related after the law's 2002 original sunset date.

U.S. District Judge Thelton Henderson of San Francisco disagreed in 2005, and the appeals court affirmed his judgment Thursday with some harsh words for the VA.

"Three different Congresses in three different decades have enacted legislation signed by three different presidents, designed to ensure the payment of such benefits to veterans afflicted with Agent Orange-related ailments," Circuit Judge Stephen Reinhardt wrote for himself and circuit judges John Noonan and Milan Smith. "What is difficult for us to comprehend is why the Department of Veterans

Affairs, having entered into a settlement agreement and agreed to a consent order some 16 years ago, continues to resist its implementation so vigorously, as well as to resist equally vigorously the payment of desperately needed benefits to Vietnam War veterans who fought for their country and suffered grievous injury as a result of our government's own conduct."

I see all you brothers getting ready for the upcoming reunion in Washington. I feel sorta left behind, but then again I know I will be represented by the best of the VSPA. My first reunion was in Valdosta Ga. in 2005. It was nearly my last as when I got home my doctor immediately hospitalized me with congestive heart failure. I was actually having heart seizures while at Valdosta but was determined not to leave until it was over. Anyway God let me live through it. Right now , my wife's health and my pocket book will prevent me from attending the Washington reunion, but you all can handle it I know you can. So while you're there turn and look behind you, the lone figure standing in the road, that's me, but it's a proud me, so go get'm VSPA, you go get'm.

Were you aware that you can now order your DD Form 214 via e-mail from the Military Records Center in St Louis, MO?

I have enclosed the link below:

<http://www.archives.gov/veterans/evetrecs/index.html>

Once you have submitted the request you are required to fax or mail your signature form acknowledging the request and the DD Form will be mailed to where you have asked it to be addressed. I am told this will increase the response time for this request. I will let you all know how long it takes.

The latest edition of Eagle Chapter-Air Force Security Police Association Newsletter is on line at Eagle's web site:
<http://www.afspaeagle.com/NewsPublic/EagleFlightJun-Jul07.pdf>

This issue will be particularly interesting to many of you. It discusses the status of getting all cops KIA in line of duty on the National Law Enforcement Memorial; has a great story on the memorials for our two most recent KIA in Iraq; a story on the MRAP vehicle, and many others.

As always, Eagle Chapter has done another outstanding job with this Newsletter. I encourage everyone to take a look at it. While doing that, consider becoming a member of AFSPA and becoming active in your local chapter.

Don Poss and the other 377th SPS personnel helping Don, in the location of Tan Son Nhut's O-51 Bunker.

I have put up a temporary web page at URL:
<http://www.tsna.org/bunker/index.html>

I have identified the location of where I believe that the O-51 Bunker was located.

I have scanned a portion of a US military map.

Pat Houseworth, you were assigned to Echo Sector, what say you? (I defer the location to Pat as he worked that sector.)

Your friend,

Charles Penley

I and another 3th SPS vet are attending the DC reunion. This is my first reunion and I beleive his. I was planning on marching in the parade but now have a question. Since I do not have any camo shirts/jackets nor a ASPA hat or patches of any kind, does that create a problem for me. Can I still be in the parade or do I have to sit it out? I hope I don't have to sit it out.

I was just recently told that VSPA will be laying a Reef at the Wall in DC for the Wall Reunion. Do we know what day that will take place? Also, I notice a Uniform of The Day posting which I was completely in the Dizzy Zone on! There is a dress code for all VSPA Members? If so again as I am hard of hearing, and a half whit and a couple of other undesirable things to boot, I see a reply that said black pants, and shoes, with either a Camo shirt or Jacket with patches etc, how about Berets, and such?? Be my first such appearance at a VSPA or WALL reunion. I want to make sure I do it properly as I have requested to read a couple of names and I sure

as hell don't want to dishonor them in anyway shape or form so fill this Jeep in!!!

This morning, the local news showed a Vietnam Vet being escorted home after being killed in combat 40 years ago when the helicopter he was in went down in battle. A group of motorcycle riders, who I believe was the Patriot Guard, went to LAX to escort their fallen brother home. They were also joined by the California Highway Patrol for the escort which took place at 0300. They went straight to the cemetery where the memorial service will take place tomorrow morning. It also showed several local law enforcement officers meeting the convoy at the cemetery.

Just by looking at the bikers, I could tell they were part of the Patriot Guard who escort all our heroes home. I just want to thank all my brothers out there who are members of the Patriot Guard, such as Sam Lewis, who take the time to honor heroes. God Bless the Patriot Guard, God Bless VSPA and God Bless the USA.

Brothers-

There has been no rain in Phoenix since April of 2007. For the past 20 days, the high has been over 110. Yes I know it's a dry heat.

As this is written there is something falling out of the sky and it has messed up the dust on my truck.

Do any of you have some idea what it might be? I know it's warm so it can't be snow.

I am making this post at Monk's request. He is going into the hospital for some testing. He doesn't have a laptop so won't be able to email us. He is asking that everyone hold emails until he gets back online. He will contact one of us or more by phone to let us know of progress and so we can let others know. He doesn't know if it will be a long or short stay.

Please keep him and his doctors in your prayers so that he can return to us soon.

I believe this all begins tomorrow.

Thanks to all.

Gents & Ladies:

Flash and Animated files are common place on today's webpages. Very soon, VSPA's redesigned website will be online. You won't want to miss the new navigation features and Flash programs designed exclusively for VSPA.

If you do not have the latest version of Adobe's Flash Player (FREE), take a minute and do so now. The new Flash Player will allow you to play the latest Flash and other animation files.

Copy and Past the below address in your Browser's Address bar (make sure there are no blank spaces when you paste it):

http://www.adobe.com/shockwave/download/download.cgi?P1_Prod_Version=ShockwaveFlash

Then, just download the Free Flash Player!

VERY INTERESTING-

1. The Garden of Eden was in Iraq.
2. Mesopotamia, which is now Iraq, was the cradle of civilization!
3. Noah built the ark in Iraq.
4. The Tower of Babel was in Iraq.
5. Abraham was from Ur, which is in Southern Iraq!
6. Isaac's wife Rebekah is from Nahor, which is in Iraq!
7. Jacob met Rachel in Iraq.
8. Jonah preached in Nineveh - which is in Iraq.
9. Assyria, which is in Iraq, conquered the ten tribes of Israel.
10. Amos cried out in Iraq!
11. Babylon, which is in Iraq, destroyed Jerusalem.

12. Daniel was in the lion's den in Iraq!
13. The three Hebrew children were in the fire in Iraq (Jesus had been in Iraq also as the fourth person in the Fiery furnace!)
14. Belshazzar, the King of Babylon saw the "writing on the wall" in Iraq.
15. Nebuchadnezzar, King of Babylon, carried the Jews captive into Iraq.
16. Ezekiel preached in Iraq.
17. The wise men were from Iraq
18. Peter preached in Iraq.
19. The "Empire of Man" described in Revelation is called Babylon , which was a city in Iraq!

And you have probably seen this one. Israel is the nation most often mentioned in the Bible. But do you know which nation is second? It is Iraq! However, that is not the name that is used in the Bible The names used in the Bible are Babylon , Land of Shinar , and Mesopotamia. The word Mesopotamia means between the two rivers, more exactly between the Tigris and Euphrates Rivers. The name Iraq , means country with deep roots.

Indeed Iraq is a country with deep roots and is a very significant country in the Bible.

No other nation, except Israel, has more history and prophecy associated it than Iraq.

Gentle,

As most of you have heard, Jackie Kays is gathering material for a book of poems written by those who can best express the emotions of war, the combat veterans. There is probably no better resource for such writings than our own "Brotherhood of the Badge": The USAF Vietnam Security Police Association. I know there are some very talented writers within the ranks because I have on occasion read your work. So, it is time to dig through your files and pull out your favorite poems, or better yet; become inspired, fill the ink well, and start writing. Jackie would like to have one or two poems from each participant. Remember the proceeds will benefit the VSPA. I can think of no better way to preserve our heritage than with this very worthwhile project. The legacy of the United States Air Force Security Police in Vietnam is one of pride, courage, patriotism, duty, and service before self. Let's share it with others.

Thank you and Welcome Home.

Howard

Gents:

I am working on the VSPA.com web redesign. Currently I am doing a Satellite images page for Tan Son Nhut AB, and have a couple of close-ups of the area where O-51 Bunker was located. I also have a photo posted of O-51 as it appears today as taken from a camera over the perimeter fence.

I would like a few Tan Son Nhut SPS that think they might pick out O51 Bunker to contact me and I will send the online address to check it out.

Don Poss,
VSPA Webmaster

Jack's book is a must read. Great stories from several of the guys. Yeah, mine is in there, also, but I was Thrilled to read the experiences of others. Several of the stories reminded me that we fought that war over a long period, and some very notable peopel were in it (cops, that is). I served with MSgt Hiett at Nha Trang for about three months before departed in August (I believe) of 1971. There are several other stories I could submit that might evoke memories of Tuy Hoa and Cam Rahn. This is a great book and all proceeds go to the VSPA. Great job, Jack.

This fine angel of mercy, who has been active in the Iraq area since 2002 was struck down recently by cowardly mortar strikes on the medical area in which she was bravely serving. She was a resident of Pennsauken, New Jersey. I am sure her family could use some prayers in this time of need as thier angel has been taken from them and us. God Bless the Medical People, who put us and our MWDs back together.

I was just wondering if Larry Ernsting our Guardmount Editor could start the ball rolling on a quarterly Guardmount that has nothing to do with the screwed up mess we have now. Back when we had a quarterly issue it would have been for July Aug and Sept. Can't we just get the ball rolling again and maybe have someone authorize the release. Just wondering....

Guys,

Army Cpl. Kory Wiens and his dog Cooper were killed in action in Iraq on July 6, and the funeral is here in Oregon on Wednesday. If you would like to leave a note in the guest book for his Dad and brothers, here's the guest book url. Below that is the url to a news story about them.

This question goes out to any SP who was assigned to 14th SPS Nha Trang Air Base. Can anyone remember the Military Police Co number who maned the Checkpoint on the north end of the air base? The post was MP1 and we had to furnish them a hand held radio twice aday. We always took them water, coffee,late night refresments on the post checks. Maned by one US Army MP assigned to the aviation unit on that end of base. The MP's were on base quite often to refuel and use our washrack but I belive they were the 218th MP Co which was seperate from the aviation unit. I have CRS in some areas of course it has been 38 or 39 years ago. I had contact with one of the Army MP's recently and he could not remember the company number either.

I have to imagine everyone had a favorite old car when they were young..., Mine was a 1941 Buick Sedette (fastback sedan) with a straight eight Century Engine with twin carbs on a ram log manifold! I called it "Big Ben". It was like new, a deep forest green. It had tires like a B-52, and would cruise at 90 mph without a whimper. I got it when I lived in Sacramento, CA (Rancho Cordova) after coming back from Vietnam. The girls loved that car..., I sure wish I had held on to it.

What was your favorite old car when you were young ?

On 7/12/07 ABC News reported that vets serving multiple combat tours are coming home with "Personality Disorders". Now they are discharging them with a new label called Personality Disorder Discharge and they cannot get any benefits. This is WRONG !!! Seems like this is a new way for the government to screw the Vet. I call on all to write their congressman to stop this NOW!!! Each case should be reviewed. They are putting it on the line for us, we can do no less. Please write, put a stop to this.

I don't know what triggered this, but yesterday in the car I started singing theme songs from cowboy shows that were on tv. My wife and I kept trying to come up with the correct words. Some were:, Maverick, The Lawman, Bronco Lane, etc. Anyone remember more or even the words to the themes like: "Natches to New Orleans, living on jacks and queens, luck is the lady that he knows the best....."
Write in the show or song and maybe others can match song to show.

What and where was your best summer vacation? And what did you do?

Mine was the summer we rented a baech house with a private beach on Lake Huron which is about 120 miles northeast of Detroit. We had a three bedroom house up on top of the tall bluffs along the shore, and you had along stairway winding down the steep bluff right down to a very nice private beach which was perfect and you could walk out almost the lenght of a football field before the water got up to your chest, made it more fun with my son, daughter and her three girlfriends that we let her bring along to keep her from being totally bored. It was great for the oldman here, because All I had to do was lay around the beach turning into a red lobster and barbecue our meals. It was the first vacation I had in 18 years and I soaked every minute of it. (My company at that time was growing by leaps and bounds and they'd pay me double my Vacation pay not to go on vacation, plus I'd get my regular weeks wages on top of it, made not going on vacation very, very profitable).
