

Binh Thuy AB: Aerial Photos

**Viewing from the East - ^
Viewing from the South - v**

Both aerial photos leave out two key words:

The first one says "Viewing East - ^" but should say "Viewing from the East -^"

The 2nd one says "Viewing South - v" but should say "Viewing from the South - v"

I was there at Binh Thuy from July 1970 to June 1971, and can also identify most of the buildings, if it ever were to matter :-). The Bassac River was east of the base and the cantonment area, and all the buildings etc were south of the flight line.

Anyway, I love seeing the photos, and it's a great website (!) but thought I would report just this one little glitch...

Thanks and best regards,
