Acts [3:18](#).

Two-thousand years after Christ was crucified and acceded into heaven, we still look to His promised return. The passing of time and years to God is not as it is to mankind.

[Genesis 18:14](#), asks, “Is anything too hard for the Lord?”

I believe most people measure the truths of the Bible by applying limiting God’s capabilities and authority to the same laws governing the physical world of mankind. This should not be possible for a Christian to pick scriptures to conveniently disbelieve, such as Jesus’s virgin birth because, it is ‘not possible’ for normal human conception and birth without a man and woman.

**John 4:24:** God is not limited to the narrow physical laws and dimensions that govern our world.

[Jeremiah 32:17](#) The prophet Jeremiah observed, “Ah, Sovereign LORD, you have made the heavens and the earth by your great power and outstretched arm. Nothing is too hard for you” Again God acknowledged, “I am the LORD, the God of all mankind. Is anything too hard for me?”

Nor is it possible for humans to create life, or anything at all, that was not first formed or created by God. To claim one has created life in a Petri dish is false. Bringing together something that grows or lives, is using God’s creations.
