

100% Going, Going, Gone.

Maxie's dinky dau, but not set free.
Dreams still re-running fast as they can be.

Night hours snake by riding silent memories,
TJ is dead
JB is dead...plus, five others, then
TB is dead
PN is dead
MP is in a rubber room.
GE is AO dead; memories of him faded to whispers of his laughter,
mingled in Da Nang's ancient soil...still soaked with defenders' blood.
JK is dead
Old Cowboy's dead.
Most everyone has an Agent Orange cancer disease.

Is there no end to the Vietnam War?

We are Going ... Going ... soon Gone.
