

## **How Infinite is God**

(c) 2014, by Don Poss

How infinite is God...

There at the beginning

The creation

The breath of life to Adam

The flood

Parting of the sea

And all through the eyes of the living in real time,

He watched mountains wither to valleys and depress into oceans.

Saw countless stars blaze alive and named them one by one.

Generations lived and died

Like brief flickers of light...a wavering vapor

Eternal is the I Am.

Not enough to live the life

Without sharing what life you are living--an eternal relationship with

God awaits the few... Judgment is his jest.
