

Disparate

Changed

© 2023 by Don Poss

My heart was changed forever—

The way I looked at life.

The life's lost at Da Nang... in vain, or not,

And those who couldn't hack it—**too much...too much to bear.**

Then home...

my war over, or so I thought,

not realizing battles were yet to be fought.

Life never the same ...

Never me again.

Someone, changed forever.
