

## **Warriors One and All**

We were young, we were unsung.  
We responded to our countries' call.  
We crossed the ocean to the jungle  
with rifles slung...  
Warriors one and all!  
We fought, prayed and cried while  
others died.  
Now after forty years, some say it was all a lie!  
It's our country...and we still say:  
"It was an honor and a privilege to serve,  
until the day we die!"  
Warriors One and All...  
will always be our battle cry!
