

Old Ben, the Ugly, Bearded Geek!

Once there was a bad guy named, Ben Laden
He masterminded a horrifying, evil deed, that
will never be forgotten!

He ran and tried to hid, but time was not on his side.
They hunted here and they hunted there, but when he
least expected it, a seal swam by, and shot old Ben
between his beady eyes.

He sank to the bottom of the drink, food for fish,
no longer will we have to put up with this tall, ugly,
bearded geek!
