1965, Đà Nẵng AB: The first K-9 sent to Vietnam were USAF Sentry Dogs, as part of Operation TopDog45. Photo: Left, A1C Al Watts, Center, A2C Don Poss & Blackie, Right, A2C Gary Eberbach & Bucky. Across the wire lay a swampy stagnant marsh. A few miles further is the ocean bay between Monkey Mountain, which can be seen in the distance silouhetted by flares, and in the photo composite below.
