Subject: Quietly drifting with current on narrowing waters
Date: Tuesday, May 27, 2014 8:55:50 AM

Quietly drifting with current on narrowing waters dark brown from mountain's descent. Tangle brush and foliage stand as dark gauntlets in warning. Banyon roots dip to drink from black stained still inlets of goo...water-spiders skate drunkenly, skittering a predator's dance with insect morsels mummified.

Thank you,

Don Poss
